About Mokxa Technologies

Delivering **Peace of Mind** through simple, scalable and cost-effective digital products and services. We follow a hybrid strategy to achieve technical agility while leveraging current investments with a **singular focus on simplifying IT.**

Revolutionary Open Source Low-Code/No-Code platform for
process automation, workflow management, & app development

Visually Create Applications

Web platform with visual approach to easily build enterprise apps for desktop, cloud & mobile.

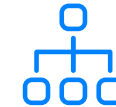

Reduced Time to Market

Drag-and-drop to deliver multiple apps in parallel across departments & enterprises.

Flexibility to Extend

Extensible tools to create plugins & features to better fit the existing ecosystem.

Empower Non-Coders

Everyone can build enterprise-grade apps, regardless of technical competency or background.

Joget DX 8

Next-Gen platform designed with a focus on
User Experience (UX) and Governance

User Experience (UX)

Responsive Single-Page Applications (SPA)

Dynamic User Interface with Page Components

Card View and Templates for Lists

Automated Health Check Reports and Alerts

Quality Assurance Audit

Intuitively Redesigned Visual Builders

Enhanced Property Editor for Increased Productivity

Integrated Process Design and Mapping

Security Audit

Performance Audit

Is your Business having these Pain Points?

Mundane process
& labor intensive
to get business
approvals

Lack of proper
communication
across departments
and hierarchies

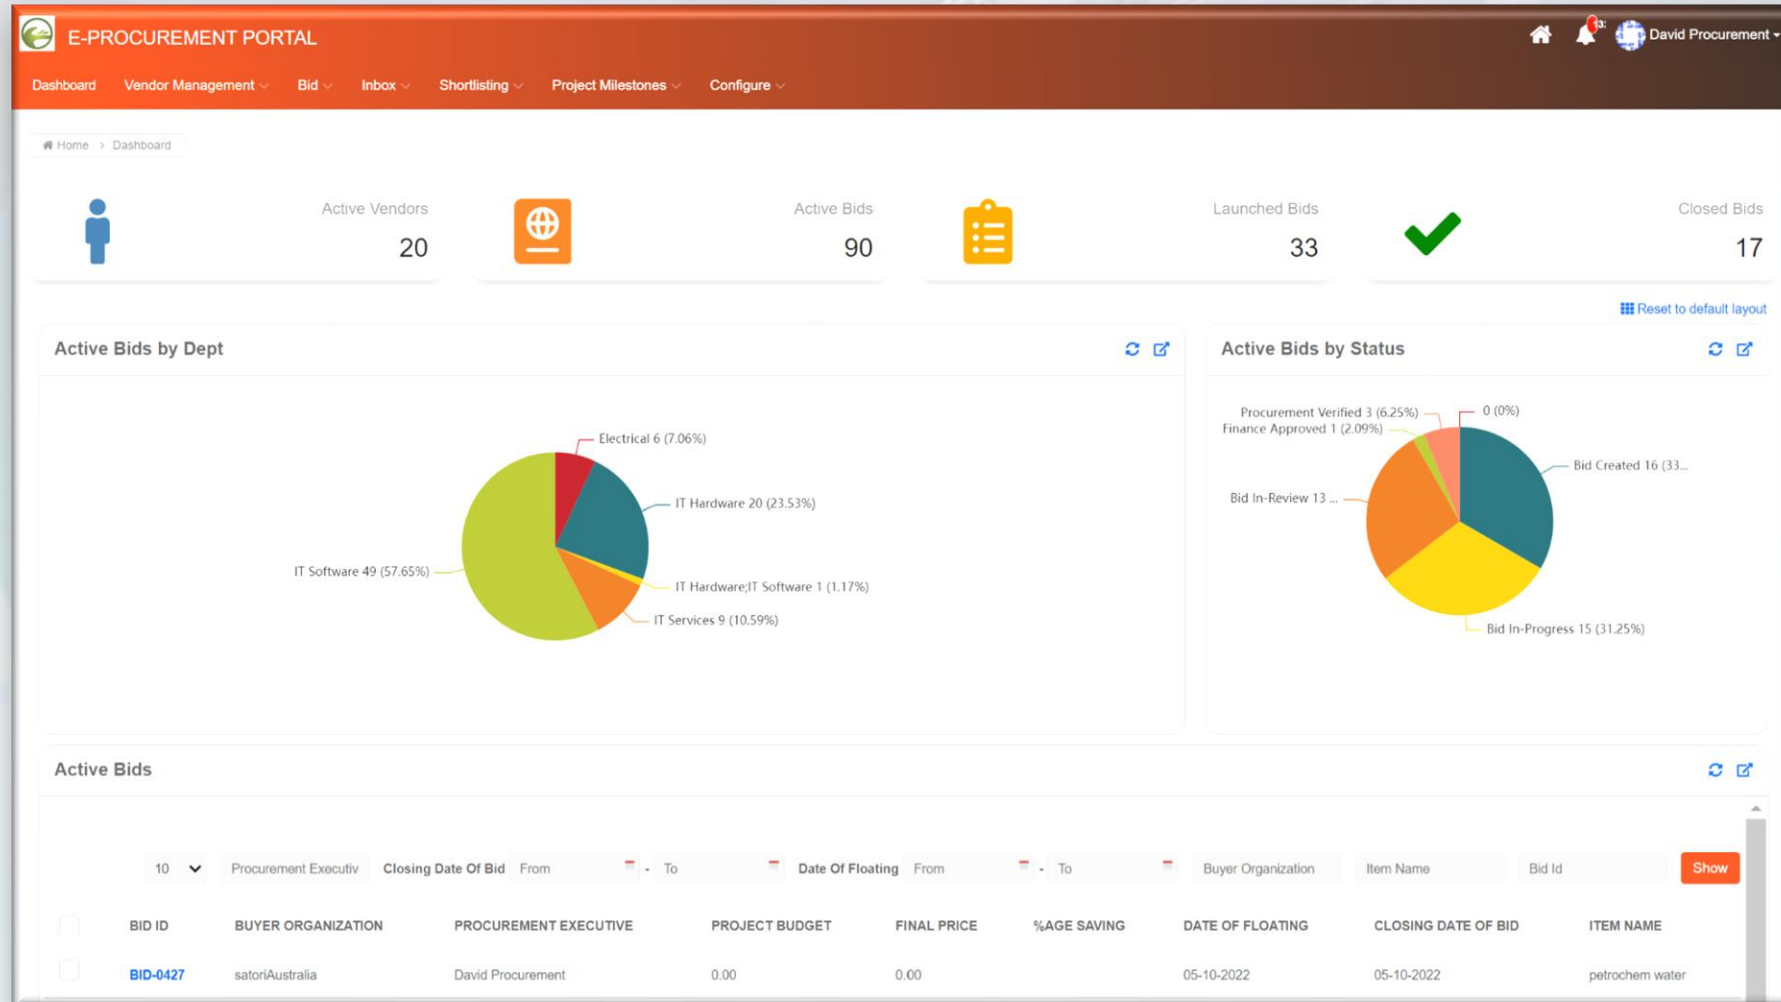

Administration
inefficiencies &
frequent missed
deadlines

Weak security
controls & no
auditability

Build Modern Enterprise Apps using Joget DX

A conceptual image featuring a robotic hand with multiple fingers, positioned as if about to press a key on a computer keyboard. The entire scene is bathed in a deep blue light, with a faint grid pattern visible in the background. The word "Poll" is centered in the image in a bright blue, bold, sans-serif font.

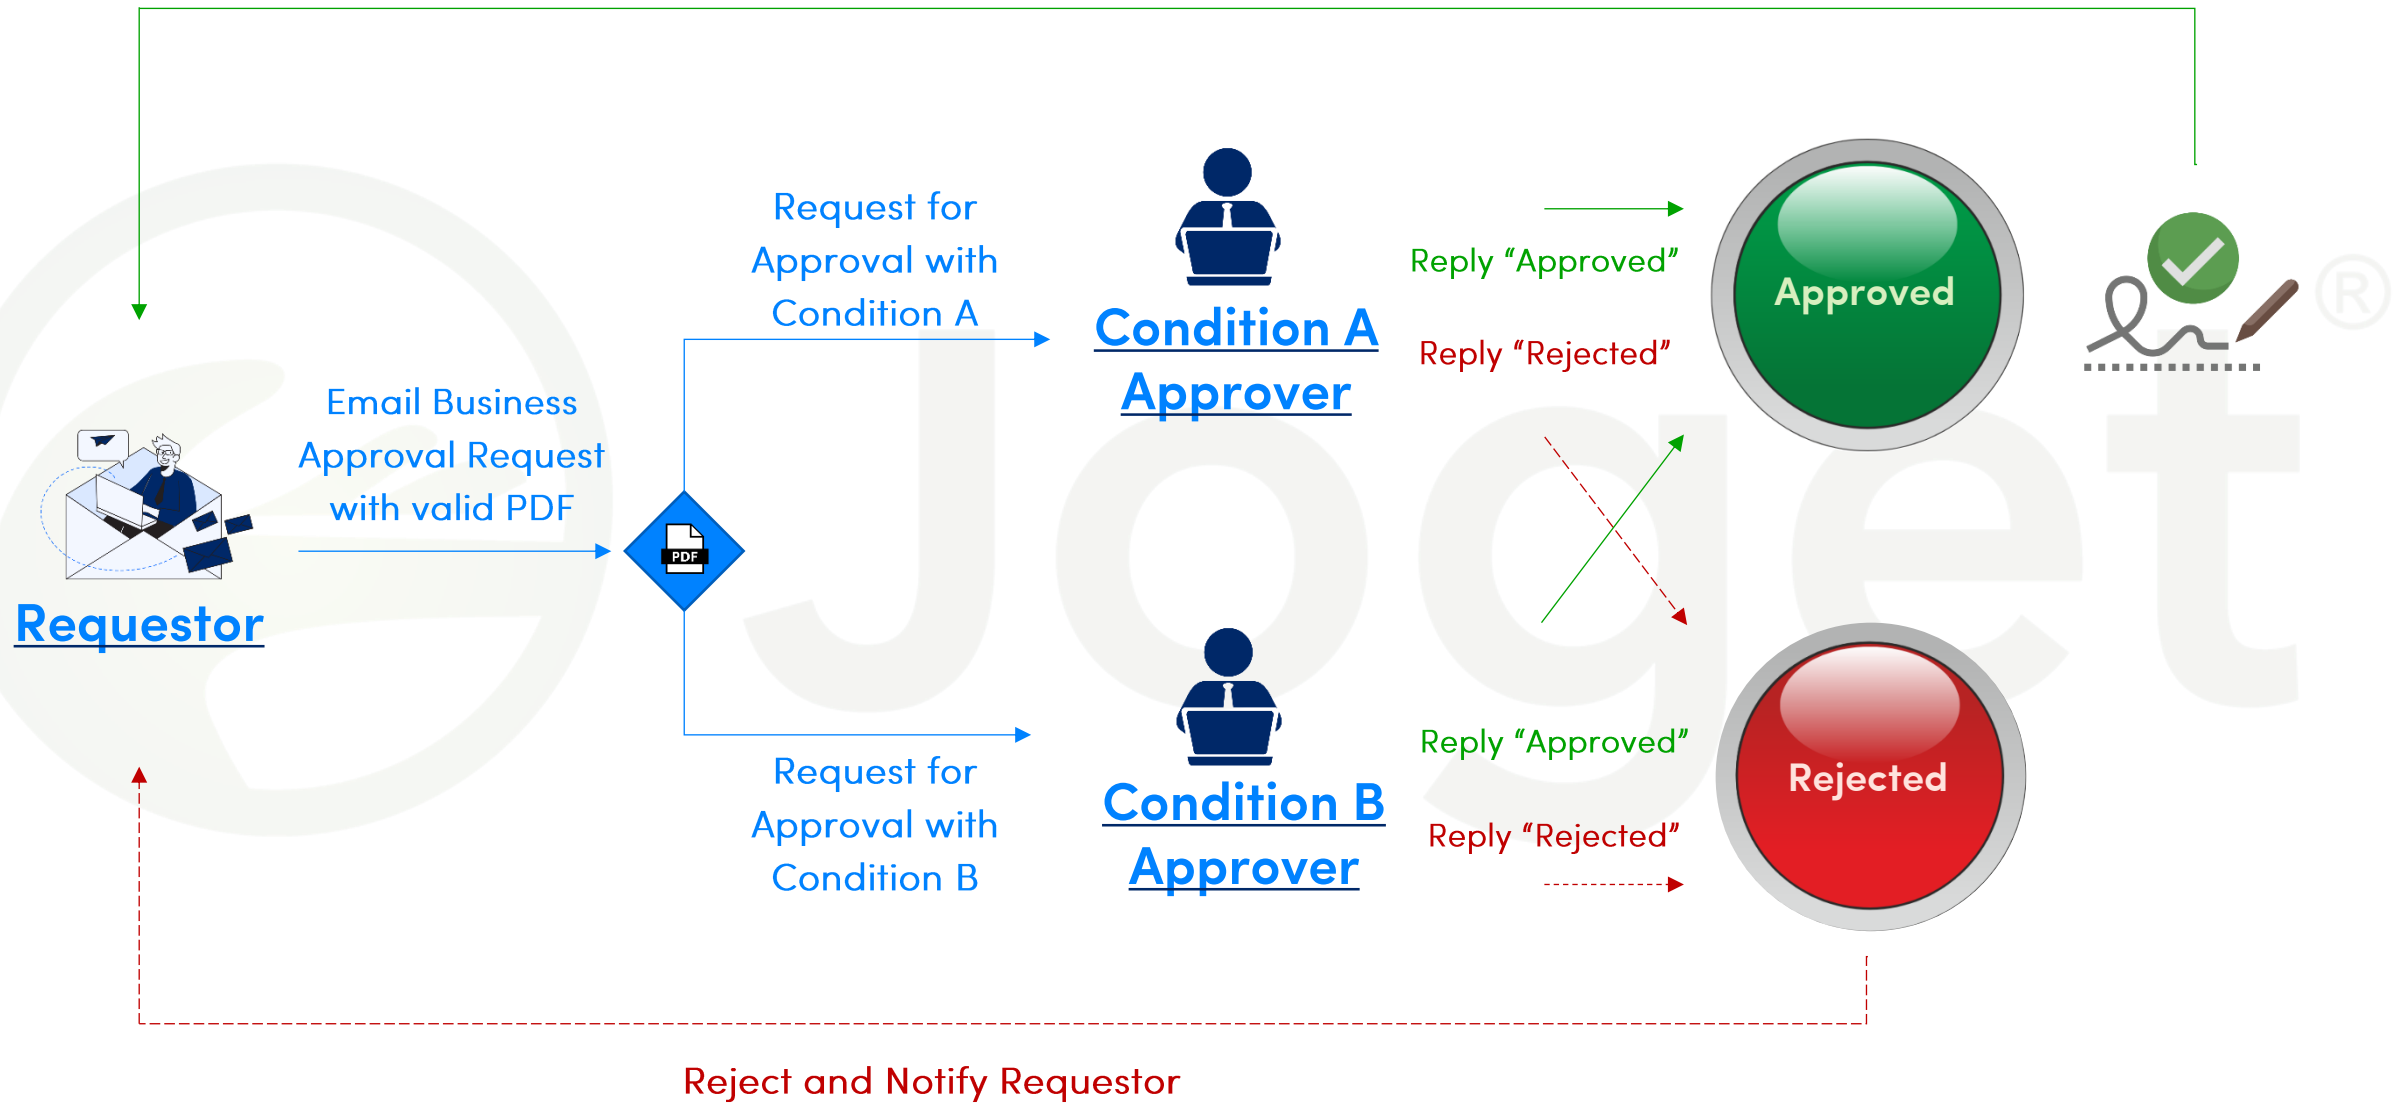

Poll

The background of the slide features a robotic arm, possibly a 3D printer head, positioned above a computer keyboard. The entire scene is bathed in a deep blue light, with a faint grid pattern visible in the upper portion of the image. The robotic arm is metallic and complex, with various joints and a nozzle-like tip pointing towards the keyboard. The keyboard keys are dark, with some lighter-colored keys visible. The overall aesthetic is high-tech and futuristic.

Create Business Value via a Headless Joget Approval Process & Email

Reply Email to Approve / Reject a Request

Automatically Approve PDF with E-Signature, and Notify Requestor

Highlights of an Interface-less Automation

Email Polling with POP3 / IMAP Protocol

Read emails with approval requests and predetermined document formats.

PDF Reader and Automated Processing

Automate assignment & customize the templates of business approvals to signatories.

Read and Response

Reply email with "Approved" for approval & "Rejected" for rejection, simplifying the decision-making process.

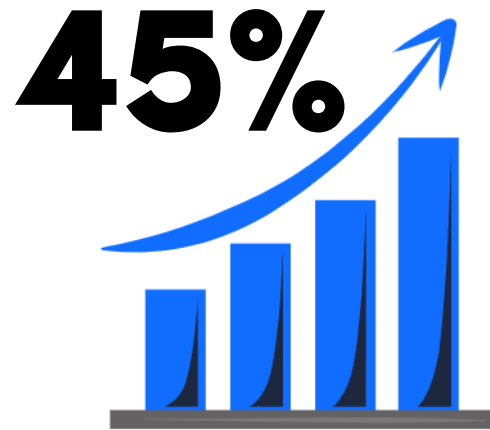

E-Signature

Add pre-recorded digital signature on documents without human intervention.

A conceptual image featuring a robotic arm with a gripper hovering just above a laptop keyboard. The background is a dark blue grid pattern with a large, faint circular arc. The entire image has a blue color cast.

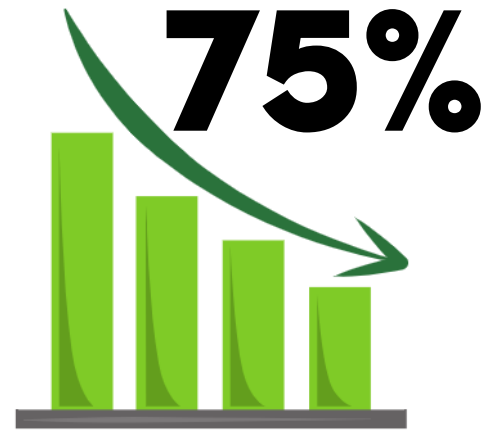

Showcase

Unleashing the Values

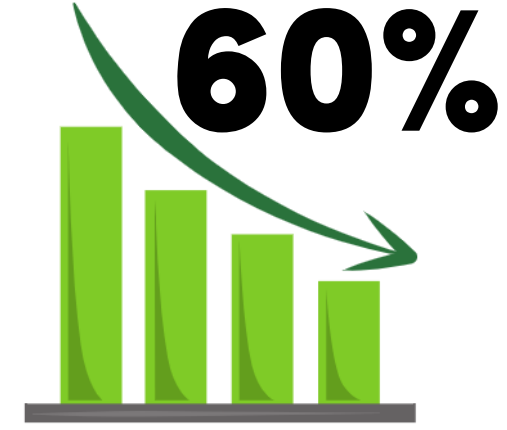

Faster to complete the approval process

Reduced cycle time in approval decisions

Reduction of manual interventions

Easy & timely approval action by busy executives on the move.
No need to login to app.

Reduction of paper usage

Improved tracking and audit trail of documents & approval decisions in one place.

The image features a robotic hand, possibly a prosthetic or industrial arm, positioned above a computer keyboard. The entire scene is bathed in a deep blue light, creating a high-tech, futuristic atmosphere. The background consists of concentric circular patterns and grid lines, suggesting a digital or scientific environment. The word "Poll" is centered in the image in a bright blue, sans-serif font.

Poll

A robotic hand holding a pen is positioned over a laptop keyboard. The entire image is overlaid with a semi-transparent blue filter. The text is centered in the middle of the image.

Welcome our Guest

Christophe Savery from Generali Real Estate

Testimonial: [Customer Story](#)

The image features a robotic arm in the upper right corner, its metallic joints and components visible. Below it, a computer keyboard is shown from a low angle, with keys like 'R', 'T', 'F', 'C', 'V', and 'C' clearly visible. The entire scene is set against a dark blue background with a faint grid pattern and a large, semi-transparent circular graphic element. The text 'Q&A' is centered in a bold, blue font.
